and syllabus.

TCS - OVERVIEW

What is TCS Digital?

The prime job profile for which TCS hires extra-ordinary freshers is named Digital, for which the salary package is 7 LPA. Based on their interest, candidates are mapped to various units such as IoT, AI, Machine Learning, Big Data, Virtual Reality, BlockChain, NLP, and so on.
The decision for assigning units to a TCS Digital depends on their performance in the TCS Xplore course and quizzes. TCS mainly hires candidates for the TCS Digital profile by conducting a national level exam known as TCS Digital Hiring Test.

Depending upon the top scorer, each candidate is given a percentile through which his candidature is decided. If you have more than ninety percentile, you will definitely get an interview call from TCS Digital. The students who perform exceptionally well in the National Hiring Test for TCS Digital will also get an opportunity for the TCS Innovator Role.

TESTIMONIALS

CANTILEVER
bridging colleges to corporates

"BITS collaborated with Cantilever Labs. They have great trainers for Consulting, Analytics, Finance and Software. The test series of Cantilever Labs proved to be the most useful for us as we encountered similar questions in the placement tests.

The best thing we love about Cantilever Labs is the personal connection with the trainers. We contacted them in the midst of interviews to strategise our Interviews."

- SUGAM GANDHI, PLACEMENT MANAGER, BITS PILANI

"I loved the fact that cantilever Labs tailored the whole processes as per the individual's interests and goals which made it very effective in pointing out our areas of strength and the areas that we need to work on."

- SARVESH MEHTANI, IIT - JEE AIR 1
